Who we are?

Subhadra Home is a trusted senior care community dedicated to providing compassionate, dignified, and personalized care to elderly residents. We focus on creating a safe, homely, and emotionally supportive environment where every senior feels respected, valued, and cared for.

When we started?

Our journey began in 1997, when we opened our doors with a simple mission — to offer dependable and heartfelt elder care to those who need it most. For more than 25 years, Subhadra Home has grown into a place families rely on for quality care, warmth, and stability.

Founder's Story

Mrs. J. Bharathi
Founder, Subhadra Home

Subhadra Home was founded by **Mrs. J. Bharathi**, a woman with an extraordinary sense of empathy and commitment to elder well-being. Her journey began long before the institution was established. She saw, up close, the emotional struggles elders face. During these experiences, she realized that elders don't just need a place to stay. They need a place where their stories matter, where they are treated with dignity, and where they are surrounded by people who **care genuinely—not professionally, but personally.** This belief became the foundation of Subhadra Home.

Back in 1997, with limited resources but a heart full of determination, she transformed a modest space into a warm and welcoming home for seniors. Over the years, her **consistent care and sincerity** earned the trust of families across Chennai. Word spread. Residents grew. What started as a small initiative gradually evolved into a full-fledged care home known for its kindness, safety, and commitment.

Today, Subhadra Home stands as a **trusted elder-care community**—not because of its facilities alone, but because of the values Mrs. Bharathi instilled from day one: love, respect, patience, presence, and family-like warmth. Her legacy continues in every caregiver's smile, every resident's peace, and every family's trust.

Our Mission

To provide safe, compassionate, and holistic elder care that nurtures physical health, emotional well-being, and spiritual comfort. Our mission is to ensure every resident feels valued, respected, and truly at home

Our Purpose

Subhadra Home was founded to support seniors who deserve a life of dignity but may not have the support or resources. Our purpose is to give them love, companionship, medical care, and a peaceful environment where they can thrive

Core Values

Dignity
Every elder is treated with respect, honor, and the freedom to live life with self-worth.

Compassion
We care with patience, kindness, and genuine warmth — like caring for our own family.

Safety
Our residents live in a secure environment with 24/7 supervision and medical support

Trust
Transparency, honesty, & clear communication with our residents and their families.

Integrity
We stand by ethical care in every choice we make.
